Represents the Following Electrical Manufacturers in Alabama:

Advanced Power Technologies

Transformer Time and Temperature Monitor and Fan Control

Almetek

Identification Systems & Products

Atlas Tube

Distribution Steel Poles

Barfield

Aluminum Poletine Equipment, Enclosures and Meter Mounting Equipment

Cadweld/Erico

Exothermic Grounding Connections, Computer Room Grounding, and Ground Rods and Accessories

Connector Manufacturing Company

Distribution Connectors and Accessories

GE Lamp

Energy Efficient Lighting Solutions

GE Lighting

Roadway and area lighting, decorative lighting, sports lighting, and hazardous environment lighting.

Hioki
Multi Meters and Voltage Testing Hardware

Howard Industries
Distribution Transformers: Dry-Type and Oil Filled, Pole, Padmount three phase and single phase

MacLean Power Systems
Pole Line Hardware and Polymer Insulators

Penn Union
Electrical Connectors and Flexible Braid

Pennsylvania Breaker
High Voltage Dead Tank Circuit Breakers

Pennsylvania Transformer
Padmount & Power Transformers - 10 MVA and Higher

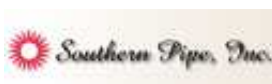

Quazite
Grade Level Enclosures, Boxes, Pads, and Pedestals

Sabre
A Full Line of Tubular Steel Poles used in Transmission and Distribution Applications, Substation Applications, and Sports and High Mast Lighting

Sensorlink
Hotstick Test Instruments

Southern Pipe
PVC Conduit and Fittings

Streamlight

Innovative, High Quality Flashlights

Transdata

The Leader of Innovative Metering Solutions

Veolia Environmental Services

Lamp and Ballast Recycling

Whitlow Electric Services

Substations and Miscellaneous Steel Fabrication
